REPORT OF PUBLIC HEALTH NURSE

“A popular movement for health, planning for health, working together for health, is in the last analysis the only way in which we can raise the standards of health in our communities and for the Nation. Health is not the private concern of a few individuals or a few institutions, it is everybodys business.”—

The Nations Health

This year, as in the past, members of the Warren Health Council have given invaluable assistance in the various health activities. Mrs. Ernestine Ingraham served as chairman of the school health committee and Mrs. Freda Richards was chairman of the Child Health Conference Committee. The basis of positive health must be built in childhood and therefore everything which a community can do to assure children a healthy start in life improves their chances of health in adult life.

Thirty-three visits were made to the Town including visits to homes and the schools.

Last spring three immunization clinics were held at the school with Dr. Campbell, School Physician in charge. Twenty-one children were vaccinated against small pox. Eighteen children were given diphtheria toxoid. Fourteen received whooping cough vaccine and thirty-three were innoculated with tetanus toxoid.

During the summer months four Child Health Conferences were held with a total attendance of forty-eight infants and pre-school children. Physical examinations were given. Twenty-six small pox vaccinations were done and triple toxoid consisting of diphtheria toxoid, whooping cough vaccine and tetanus toxoid was given to twenty children.

PUBLIC HEALTH NURSING (continued)

School health examinations were started early in the fall. Eighty-five students in grades two, five, eight, and eleven were examined by Dr. Campbell. Dental defects were found to be the most outstanding health problem.

Already action has been taken by the Warren Extension Association to sponsor a sodium fluoride program through co-operation with the State Division of Dental Health. Fluorine has proved to be one of the most valuable aids yet discovered for the prevention of dental decay. Extensive tests have shown that it will give 40 per cent protection to children's teeth.

Medical services provided by the State have been used as required. Eleven persons received free chest X-rays at clinics conducted by the Division of Tuberculosis Control. Several children were referred to or were under care at Crippled Childrens Clinics, Pediatric Clinics, Mental Hygiene Clinics and Speech Clinics.

This report is offered with an expression of appreciation to town officials, school personnel and all others who have assisted in the public health nursing program during the year.

Respectfully submitted,

ESTHER K. LONG

REPORT OF SUPERINTENDENT OF SCHOOLS

To the Superintending School Committee and Citizens of Warren:

I wish to submit the following report for the Municipal Year of 1951-52:

The following changes in the teaching staff became effective with the opening of school in September. In the High School, Earl Tibbetts replaced William Dennen who resigned at the close of school in June. In the grades there have been three changes: (1) Mrs. Hildred Fuller was elected principal of the Grade Building and to teach grades 7 and 8, (2) Mrs. Dorothy Overlock accepted a change from Mathews Corner to the vacancy in Grades 2 & 3 in the Grade Building that was caused by the resignation of Mrs. Doris Emerson, and (3) Mrs. Beatrice Milliken was hired to teach at Mathews Corner. The schools are having a successful year and all members of the teaching staff are making every effort to contribute as much as possible to the educational growth of the young people of the town.

A course in personal typewriting has been introduced in the High School. The purchase of the necessary equipment was made possible by the special appropriation at town meeting and the donations that were received from several organizations and individuals. The course is going well. Every high school student will have the opportunity to learn typewriting for personal use. This type of training is becoming increasingly valuable in the world today.

The School Lunch Program has now been in operation for more than a year. Thus far the program has been self-supporting as far as operational costs are concerned. The charges to the pupils for lunches are probably as low as any in the State. The volunteers who have assisted by giving of their time have made it possible to hold to our present prices in the face of rising costs for

SUPERINTENDENT'S REPORT (continued)

food. The appropriations by the town for the past two years have been used to finish up and equip the kitchen and dining room. During the past year, the dining room was completed and painted. The School Committee is recommending an appropriation for the coming year for use in installing another sink that the school has on hand and for providing necessary storage space.

The floors in the old section of the Grade Building were re-finished during the past summer. Approved exit doors equipped with panic hardware have been installed in the outside exit from the dining room. These two projects accounted for the greater part of the expenditures for repairs during the past year.*

A financial statement for the past year and the school budget for next year follow this part of the report. The School Department finds it necessary to recommend an increase in the appropriation for some of the items for next year. There are three reasons for the increases: (1) the new method of distributing state aid to the towns will cause a decrease of about \$1500. in money to be received from the state in December, 1952, (2) increases in enrollment will require the purchase of additional desks and supplies, and (3) the increase in cost for all services which the schools require.

In closing this report, I wish to express my appreciation for the cooperation and assistance that all have so generously given to the school system during the past year.

Respectfully submitted,

EARLE M. SPEAR

AUDITOR'S REPORT

State of Maine STATE DEPARTMENT OF AUDIT

Augusta

August 17, 1951

Board of Selectmen
Warren,
Maine

Gentlemen:

In accordance with Chapter 16, Section 3, Revised Statutes of 1944, and at your request, the records of the Town of Warren have been audited for the fiscal year ended January 31, 1951.

The examination was made by Auditors C. G. Hawes and W. M. Dow in accordance with generally accepted auditing standards that pertain to municipal accounting. Audit analysis was on a basis consistent with that of the preceding year, and included all procedures which were considered necessary. Insofar as could be ascertained within the scope of the examination, the financial transactions of the Town appear to have been appropriately handled, with such exceptions as may be noted in the accompanying comments.

Exhibits and Schedules incorporated in this report present the result of the financial operations of the Town for the period designated. Recommendations are also offered which are believed to be worthy of your consideration.

All of which is respectfully submitted,

Very truly yours,

FRED M. BERRY

State Auditor

AUDITOR'S REPORT (continued)

COMMENTS

Town of Warren

February 1, 1950 to January 31, 1951

An audit has been completed of the books and records of the Town of Warren for the year ended January 31, 1951. The audit included an examination of the records kept by the Assessors, Selectmen, Tax Collector, Excise Tax Collector, Treasurer and Town Clerk.

It is believed that the accompanying balance sheet, together with supporting exhibits and schedules, fairly present the financial position of the Town at January 31, 1951, and the result of its operations for the year then ended.

Scope of Audit

The systems of the various Town offices were reviewed and the internal controls, accounting records and other supporting evidences were tested by methods and to the extent deemed appropriate. Cash accounts were verified and receipts, disbursements and supporting data were examined. Transactions affecting accounts receivable, taxes receivable, tax liens, tax deeds and tax acquired property were reviewed. The records of appropriations, revenues and expenditures of the departmental accounts were examined. Trust fund investments were examined. Income and expenditures of the trust funds were verified with the records. Verifications were made of unpaid taxes, tax liens, accounts receivable and notes payable. Surety bonds and insurance policies were examined and listed.

Assets

The cash balance of \$4,523.63 was reconciled with the balance on deposit January 31, 1951, as per bank statement of the Thomaston National Bank, Thomaston, Maine.

AUDITOR'S REPORT (continued)

It was ascertained from the review of the transactions affecting accounts receivable, taxes, tax liens and deeds and tax acquired property that the unpaid accounts were in agreement with the balances as shown on the records of the Selectmen, Treasurer and Tax Collector.

Liabilities

Accounts payable totaled \$114.81 at the year end and consisted of deductions from payrolls for teachers' pensions and tax over-payments.

Reserve and Surplus

From the examination of the departmental accounts it was determined that the net unexpended balances of these accounts carried forward to the 1951-52 year totaled \$1,051.66.

At the annual meeting it was voted to continue the present school building committee and authorize it to use the capital reserve fund balance of \$707.78 to complete grading and landscaping around the school building and to paint the old section of the building. Actual expenditures amounted to \$705.50 and the unexpended balance of \$2.28 was transferred to the common school account.

The general fund unappropriated surplus decreased \$4,255.31 and totaled \$8,314.71 at the year end. The decrease is summarized as follows:

Decrease:		
Reappropriated from Surplus		
(Snowplow Account).....	1,850.00	
Excess of Expenditures over		
Available Funds.....	2,504.12	
	<hr/>	
Total Decrease.....		4,354.12

AUDITOR'S REPORT (continued)

Increase:

Adjustment of Reserve for Losses on Tax Liens and Deeds.....	98.81
Net Decrease.....	4,255.31

Revenues and Expenditures

A comparative statement of revenues and expenditures disclosed that for the current year revenues exceeded those of the previous year by \$5,158.84. Current expenditures increased \$12,476.65 as compared with those of the preceding year. The factors contributing to these differences were reviewed with no exceptions being noted. Following is a summary of the differences as compared with the 1949 year:

Increased Revenues:

Tax Commitment.....	3,332.50
Excise Taxes.....	1,021.59
State of Maine.....	3,203.90
Charities.....	1,483.73
	9,041.72
Less—Other Accounts (net).....	3,882.88
Net Increase.....	5,158.84

Increased Expenditures:

Highways and Bridges.....	8,899.29
Charities.....	3,262.50
Education.....	4,099.45
	16,261.24
Less—Other Accounts (net).....	3,784.59
	12,476.65

AUDITOR'S REPORT (continued)

Overdrafts were noted in several appropriation accounts, principally in the snow removal account. Total funds available for snow removal expenditures totaled \$7,237.50, of which \$5,000 was appropriated by the Town and \$2,237.50 received from other sources. Expenditures amounted to \$10,254.40 thereby creating an overdraft of \$3,016.90. Other overdrafts were noted in roads and bridges, state aid road and town road improvement fund accounts. Overdrafts and unexpended balances are summarized as follows:

Overdrafts.....	5,156.21
Unexpended Balances.....	2,652.09
	<hr/>
Net Overdrafts.....	2,504.12

The following opinion was rendered by the Department of Attorney General regarding overdrafts:

“The municipal officers are bound by the terms of the articles in the warrant calling the town meeting providing for the expenditure of money. The officers should not spend more than the taxpayers appropriated at town meeting, unless the statute expressly authorizes an expenditure in excess of the appropriation.”

The provisions of Chapter 84, Section 81, of the Revised Statutes of 1944, however, relate to expenditures of monies for highway purposes and permit overdrafts in cases of emergencies to the extent of 15 % of the appropriation.

Debt Fund

Notes in the amount of \$1,800.00 were paid during the year. New notes totaling \$2,800.00 were issued, \$2,000.00 of which was credited to highway accounts and \$800.00 was used to retire

AUDITOR'S REPORT (continued)

other outstanding notes. Note indebtedness totaled \$14,500.00 at the year end.

Bonds in the amount of \$2,000.00 matured and were paid from the appropriation made at the annual town meeting. Outstanding bonds totaled \$12,000.00 at January 31, 1951.

Trust Funds

From the examination made of trust fund transactions it was ascertained that all income and expenditures appeared to have been properly recorded.

General

Excise tax collections deposited with the Treasurer totaled \$5,778.63. The following receipts issued by the Collector were examined, the total of which was in agreement with deposits as recorded by the Treasurer.

1950 Receipts No. 165-759.....	4,553.44
1951 Receipts No. 1-121.....	1,225.19
Total.....	<hr/> 5,778.63

From an analysis of receipts and deposits, it was determined that all monies deposited were in agreement with the total recorded receipts.

It was determined that all disbursements had been made by check substantiated by properly authorized warrants issued by the Selectmen. Vouchers, payrolls and cancelled checks were examined for a selected period. Insofar as could be determined all examined appeared to be proper charges and correctly recorded.

AUDITOR'S REPORT (continued)

Recommendation

The following suggestion is offered for consideration by the municipal officials.

It would appear advisable that a review be made of the trust fund investments as of January 31, 1951, to determine if they comply with the provisions of Chapter 80, Section 106 of the Revised Statutes of 1944 and Chapter 55, Section 38, Subsections I to IX of the Revised Statutes of 1944

AUDITOR'S REPORT (continued)

State of Maine
STATE DEPARTMENT OF AUDIT
Augusta

January 15, 1952

Mr. Maurice E. Davis, Chairman
Board of Selectmen
Warren, Maine

Dear Sir:

Thank you for your request to have this Department make an audit of the books and records of the Town of Warren for the 1951 municipal year.

It is our policy to give preference to the municipalities who apply first, therefore, due to previous commitments, it will be impossible for us to do this work before the middle of June. We have, however, scheduled this audit for that time.

As you know it is difficult to fulfill an exacting schedule due to many circumstances beyond our control. We have no reason to believe, at this time, that the work cannot be completed as scheduled. If we find that a change is necessary, you will be advised accordingly.

Very truly yours,

C. NEWELL DYKE
Municipal Auditor

TOWN WARRANT

**To George A. Buck, a Constable of the Town of Warren,
in the County of Knox, Greeting:**
